SUMMARY

Aspiring AI/ML Engineer Intern skilled in LLMs, RAG, and full-stack development, with a strong Computer Science foundation. Experienced in building efficient software solutions and eager to learn new tools and frameworks. Looking to apply my programming, machine learning, and web development skills to innovative projects.

EDUCATION

IIIT Hyderabad B.Tech + M.S Dual Degree in CSE (Lateral Entry)	2025–2029
IIITDM Kancheepuram , Chennai Dual Degree in CSE Coursework: DSA, Algorithms, OOP, DBMS, CA, DSD, TOC	2023–2025 GPA: 8.72
FIITJEE Junior College , Hyderabad JEE Mains: 97.7 Percentile	2021–2023

SKILLS

Languages: Python, C/C++, SQL, JS/TS, MATLAB, Dart

AI/ML: PyTorch, TensorFlow, Scikit-learn, NLTK, RAG, Vector DBs

Web/Backend: React, Next.js, Node.js, Express, SQLite, Supabase, Firebase, AWS

Tools: Git/GitHub, Tailwind, Figma, Linux, Oracle AI, Docker

Other: Data preprocessing and Visualization, Model training and evaluation, Time-series forecasting, NLP

EXPERIENCE

Web Developer — Technical Affairs, IIITDM Kancheepuram	Jul 2024 – Jul 2025
- Built core Technical Affairs website modules using Figma, React, and Next.js. - Developed full-stack Music Club platform using TypeScript, Tailwind, Firebase. - Improved site responsiveness and engagement across the student community.	

PROJECTS

Mini Unix Shell (C, Operating Systems)

Implemented process creation, piping, I/O redirection, and background execution using `fork()`, `execvp()`, and POSIX system calls — reinforcing OS and process management fundamentals.

AI Tutor – Personalized Learning Agent (Bolt Hackathon)

Adaptive tutor using Mistral + Pinecone (RAG), TensorFlow Recommenders, autonomous planners, and Firebase auth.

SQL Playground

SQL practice platform with Monaco Editor, schema visualization, secure auth, and guided challenges (React, TS, Node.js, SQLite).

ACHIEVEMENTS

Raise Your Hack (lablab.ai): **2nd Best Solution — Blackbox.ai Track, 3rd Best — Snowflake Challenge**

CERTIFICATIONS (SELECTED)

Oracle GenAI Professional • HuggingFace Bootcamp • Neo4j Professional • Python for DS (IBM) • AWS/Google GenAI • MySQL Bootcamp • SQL for DS • MATLAB ML Onramp
