OBJECTIVE

Cloud-focused CSE student with strong foundations in OS, systems, and full-stack development. Seeking to contribute to scalable and secure solutions within Oracle Cloud Infrastructure.

EDUCATION

IIIT Hyderabad — B.Tech + M.S in CSE 2025 – 2029

Admitted via Lateral Entry Mode

IIITDM Kancheepuram, Chennai — B.Tech + M.Tech in CSE 2023 – 2025

GPA: 8.72 (till 4th sem) — Relevant Coursework: DSA, DAA, OOP, OS, CA, DSD, DBMS, TOC

FIITJEE Junior College, Hyderabad 2021 – 2023

JEE Mains: 97.7 Percentile

SKILLS

Cloud Oracle Cloud, OCI IAM, Compute, Object Storage, Linux, Shell Scripting

Languages Python, C/C++, SQL, JavaScript, TypeScript, Dart

Frameworks React, Next.js, Node.js, Express

AI/ML PyTorch, TensorFlow, Scikit-learn, NLP

Tools Git/GitHub, Tailwind, Figma, Firebase, Supabase, Docker (basic)

Databases MySQL, SQLite, Firebase, Supabase

EXPERIENCE

Web Developer at Technical Affairs IIITDM Jul 2024 – Jul 2025

Technical Affairs, IIITDM Kancheepuram

- Built responsive interfaces with Next.js, TypeScript, Tailwind; collaborated with 8-member team.
- Built Music Club web app with real-time features using Supabase.

PROJECTS

Mini Unix Shell (C, Operating Systems). Implemented process creation, piping, I/O redirection, and background execution using `fork()`, `execvp()`, and system calls — reinforcing OS and process management fundamentals.

AI Tutor – Personalized Learning Agent. Adaptive RAG-based tutor using Mistral + Pinecone and TensorFlow Recommenders; integrated Firebase Auth and React + Node.js full-stack.

SQL Playground. Interactive SQL practice system with Monaco Editor, schema visualization, and guided challenges using React, TypeScript, Node.js, SQLite.

Digital Circuit Simulator. C++ simulator for combinational circuits with OOP architecture, unit tests, and CI integration.

ACHIEVEMENTS

- Won 2 awards at RAISE YOUR HACK Hackathon conducted by lablab.ai: 2nd Best Solution (Blackbox.ai) and 3rd Best Solution (Snowflake Partner).

CERTIFICATIONS

Oracle AI Foundations Associate, Oracle GenAI Professional, HuggingFace Bootcamp (Udemy), Neo4j Professional, Python for DS (IBM), Generative AI (AWS/Google), SQL for DS (UCDavis), Git/GitHub (Google), Mathematics for ML (Imperial).
